Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Southeast Downtown Transit Operations and Streetscape Design project in fiscal year 2024.

The entity to receive funding for this project is the City of Fort Worth, located at 200 Texas Street, Fort Worth, Texas, 76102.

The funding would be used for the design and environmental work for the Southeast Downtown Transit Operations and Streetscape Design project.

The project is an appropriate use of taxpayer funds because it will include the full design and environmental assessments for transit operations and streetscape improvements in the southeast section of Downtown Fort Worth. The city expects that the concepts from the ongoing Eastside Transportation Plan and Butler Place Study will drive the design process for these projects. The projects will include robust public involvement.

The project has a federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Kay Granger

Member of Congress
